RE: Registering YOUR Business registered as a LIFE HAZARD USE with the State of New Jersey Division of Fire Safety

Dear Business Owner /Manager:

Please be advised that your business has been identified as a Life Hazard Use by the Mantua Township Fire District. The Mantua Township Fire District, Fire Marshal's Office has done the majority of the work to ensure that businesses are registered with the State of New Jersey properly, existing registrations are amended as necessary, and businesses that close or transfer ownership get updated in the State's system. This process was done by our office via paper and mailed into the State; this will no longer be the process.

The Current process for LHU requires businesses to **create an account with the State of New Jersey** and maintain the proper LHU information electronically via computer. The instructions for registering your business as a LIFE HAZARD USE With the State are attached in this correspondence.

Bear in mind that The Mantua Township Fire District, Fire Marshal's Office computer system is NOT shared with the State of New Jersey. You must register as a LHU with the State of NJ, **AND** complete a registration form for the Mantua Township Fire District, Fire Marshal's Office, which is attached in this correspondence.
